FEES: 30 years' storage \$600. 30 years' notification \$360. Viability testing \$100 to \$400 or quoted price, sependent upon necessary material and/or equipment. Expedite ATCC number \$10. Return sample for approval (if not submitted frozen or freezedried) \$30. Prepare additional samples of cells or hybridomas \$500. Additional costs for return of samples outside U.S.A. STORAGE: Cultures are stored for 30 years from date of deposit and for five years after the last request for a sample, as required under the rules of patent offices in most countries. Form BP/1 (Pags 1 of 2) 10/95

13.

After a U.S. Patent issues, ATCC makes the culture available to anyone who requests it, as allowed under U.S. laws. Pricto issuance of a U.S. Patent, ATCC will only make a culture available as instructed by the depositor or relevant pater office. In addition to those entitled to a sample under the Budapest Treaty and the European Patent Convention, do you wish the strain made available:	••
a. As of the date of deposit to anyone who requests a culture? (If "yes", there are no restrictions on distributions	n

	As of the date of deposit to anyone who requests a culture? (If "yes", there are no restrictions on distribution of deposit or conversion to Budapest). NO
b.	To requestors which satisfy Patent Offices in countries not signatory to the Budapest Treaty? If "yes", state which countries. NO
Do you	u wish ATCC to inform you of all requests for this strain? (\$360 fee for 30-year informing). Yes
Would	you like expedited notification of your ATCC number? (\$10 fee). ATCC must observe viability first. N
